Cinderella comes to the Township

The Kanata Theatre presented Cinderella to the delight of several hundred kids (and not a few adults) on a recent wet weekend. Particularly effective was the revolving sets which changed from Cinderella's home to the Palace Ballroom in a few seconds.

The Fairy Godmother cast her spell over the audience with a Magic Wand which spread stardust far and wide while the other members of the cast and dancers were captivated in their colourful costumes. Particularly appealing was Alanna Knight as Cinderella who managed to convince us that the Fairy Godmother had actually brought about the magic.
